

CHAPERONE POLICY

Bevan Healthcare is committed to providing a safe and comfortable environment where patients and staff and staff can be confident that best practice is being followed at all times.

All patients have the right to a chaperone during any consultation or procedure. Likewise, your healthcare professional may also require a chaperone to be present during some consultations. This chaperone may be a family member or friend. On occasions you may prefer a formal chaperone to be present, i.e. a trained member of staff.

Wherever possible we would ask you to make this request at the time of booking appointment so that arrangements can be made and your appointment is not delayed in any way. Where this is not possible we will endeavour to provide a formal chaperone at the time of request. However occasionally it may be necessary to reschedule your appointment.

If you would like to see a copy of our Chaperone Policy or have any questions or comments regarding this please contact the manager.
